**Policy for Slow Learners and Advanced Learners**

05/05/22

Students in different programs hail from diverse academic, economic, social, and familial backgrounds, resulting in varying learning capacities within specific subjects or groups. While some are diligent, others may lack prerequisite knowledge or have irregular attendance. Baosi Banikanta Kakati College acknowledges this diversity and pledges to offer an inclusive and supportive learning environment for all. Our policy targets the academic requirements of both slow and advanced learners, guaranteeing their holistic growth and achievement.

**Procedure for assessing the learning levels of the students**

- Slow learners and advanced learners will be identified on a batch-by-batch basis for each subject, beginning from the first semester of every batch.
- Learning levels will be assessed at the department level based on the following criteria:

5	Marks obtained in the first semester external examination HC courses	-	20
6	Teachers' observation in classroom and during mentoring sessions	30	10
<b>Total</b>		<b>100</b>	<b>100</b>

- Students who score below 40 on a scale of 100 will be classified as slow learners, while those scoring above 70 will be classified as advanced learners.
- The identification process will commence immediately after the announcement of the results of the first semester external examination.
- The list of slow and advanced learners will be determined by the respective Heads of Departments (HoDs) and will be publicly posted for the students concerned.
